100 YEARS OF LEADERS IN HOSPITALITY

HEC Board of Directors

Over the past century, the Board of Directors for Hotel Ezra Cornell has played an important role in driving this organization to be a reputable event representing hospitality and the Hotel School.

Established by students of Cornell University's School of Hotel Administration, the HEC board has overseen the transformation of HEC from a small-scale gathering to a full run conference that takes the work we learn in class and applies it to hands on learning. Each year, the board takes on leadership roles while organizing the weekend long event. Over the years, the board has evolved with changing trends in hospitality, like adapting new technologies, sustainability practices, and worldwide hospitality standards, while honoring the traditions that have made HEC a cornerstone of the Hotel School. Their commitment to excellence has made HEC an extraordinary opportunity for professional development and networking, among students, faculty, and industry professionals.
